Quarter 4 – Module 2

SEW AND ASSEMBLE CHILDREN’S WEAR

What I Need to Know

This module was designed and written with you in mind. It is here to help you master the nature of sewing and assembling children's wear. The scope of this module permits it to be used in many different learning situations. The language used recognizes the diverse vocabulary level of students. The lessons are arranged to follow the standard sequence of the course. But the order in which you read them can be changed to correspond with the textbook you are now using.

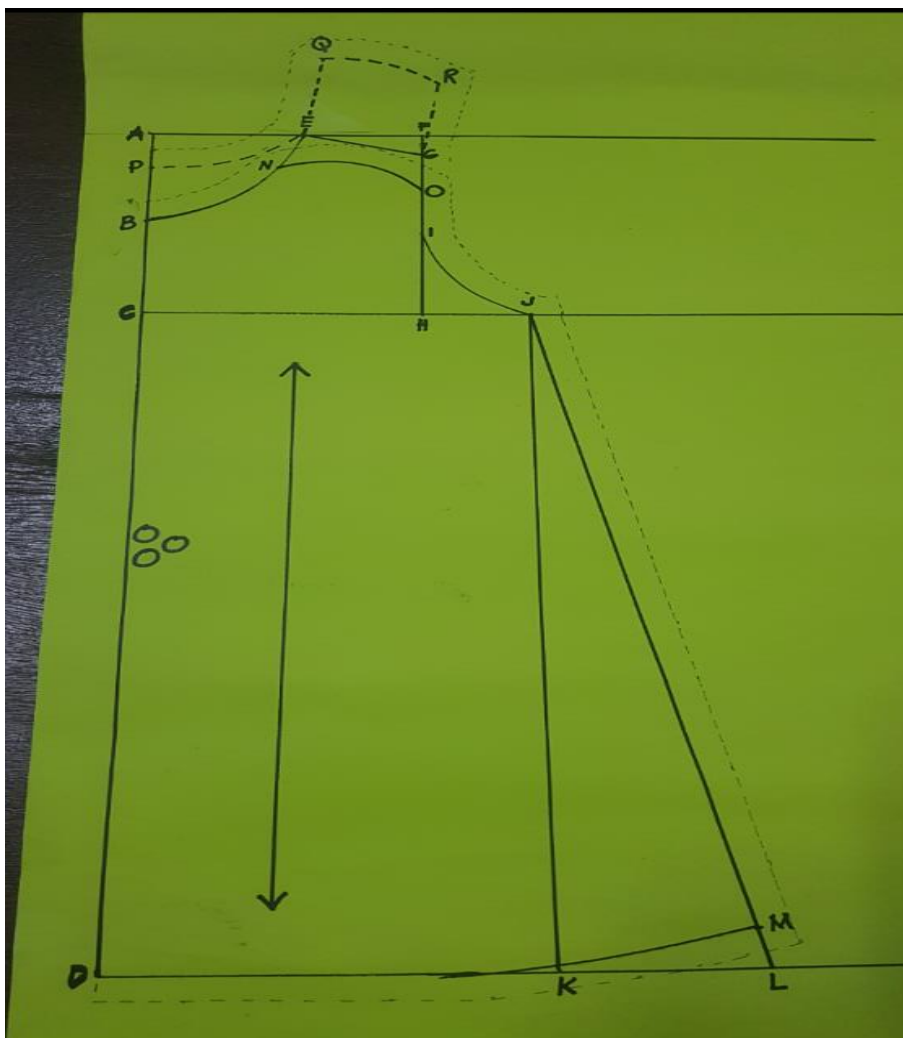

After going through this module, you are expected to:

1. Identify the procedure in drafting reversible pinafore dress for children;
2. Sew and assemble reversible pinafore dress; and
3. Press finished garment.

What I Know

Direction: Study the pattern and answer the questions below. Write your answer on your notebook.

1. What does line AD indicate?
2. Lines AB and AE form the _____.
3. How many inches are added in line LM?
4. Line AP is _____ inch downward.
5. I is achieved by taking the _____ F and H.

Note: If you get 100% correct in this pre- assessment, skip the lesson but if not and only get 50% to 99% correct, then proceed with the lesson.

Lesson

2

PREPARE PARTS OF CHILDREN'S WEAR

Children's clothes are a relatively recent invention. From the rudimentary beginnings of clothing all the way to the nineteenth century, children wore miniature versions of adult costumes. There were a few minor exceptions. Children's clothes often had leading strings sewn in them so the child could be tethered out of harm's way, but the costume itself was still a small copy.

For many manufacturers, more care goes into the production of children's clothes than into adult lines. Fabrics and decorations must be chosen for safety as well as appearance, and details like overstitched seams add to comfort for young wearers.

Notes to the Teacher

This contains helpful tips or strategies that will help you in guiding the learners. The following are information that would lead to the activities and assessment. Some activities may need your own discretion upon checking, or you may use rubric if provided. Please review the activities and answer keys and amend if necessary.

What's In

As already discussed on Module 1, pinafores are comfortable dress styles that can be worn by children and adults. This module will teach you how pinafores are sewn.

What's New

Since you are still new in the world of sewing, it would be very difficult for you to sew children's dress without supervision of an expert. Don't you worry, the steps in sewing reversible pinafores are too easy. Get ready with your cut fabrics and sewing tools. Here we go!

What is It

Steps on Sewing Reversible Pinafore

1. Lay (2) front bodice and (2) back bodice fabrics on the table.

2. Match front and back bodice of each fabric. Fronts should match together and back fabrics should match together. Remember right sides of the fabrics together.

3. Sew together one side front and back together. Do this on the other side too. Then press opening the seams.

4. Sew the shoulder lines, armhole, necklines and hems together using backstitch. (tahing pabalik in tagalog as backstitch results durable stitches.)

5. Trim edges leaving $\frac{1}{4}$ seams. Make notches on curve edges.

6. Flip the fabric showing the right sides of the fabric. Remember both the outer sides are not sewn. Only the necklines, shoulder lines, armholes and hems and inner side of the dress are sewn together.

7. Align 4 sides which were not sewn. Pin the fabrics together except the top fabric.

8. Flip such that sides match together to finish the garment.

9. Sew the remaining unstitched hem. Leave a portion at least 4 inches so that you room to flip upside.

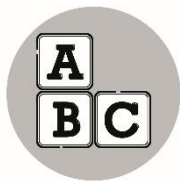

10. Press to flatten the surfaces.

11. Connect shoulders. You can use buttons as decoration.

12. Congratulations! You have done a great job on your reversible pinafore dress!

What's More

You can review the steps over and over again before starting the sewing process. When in doubt of a procedure, pause and study the procedure once again. Follow your instinct and do not be afraid to fail. Remember that your experience is your best teacher.

What I Have Learned

Direction: Complete the lines below.

I have learned that

I have realized that

I will apply

What I Can Do

Let's Make It!

Direction: Make your own Reversible Pinafore.

In making your own reversible pinafore, you have to follow the steps on sewing reversible pinafore. Do it by applying hand stitching. When your done with your reversible pinafore, submit your output to your teacher for checking.

Find out how well you performed. Your output will be graded based on the following rubric. Do your best. Remember it is your learning that is at stake.

	5	3	1
Backstitching	Stitches are even and durable.	Stitches are lose and uneven.	Not evident.
Seams and hem	Are not puckered and stretched. Project has right sides together.	Are puckered but not stretched. Project has right sides together	Did not keep right sides together.
Trimming and notching	Edges are $\frac{1}{4}$ " trimmed. Notches are evident especially on the curves.	Edges are trimmed. Notches were made.	Not evident.
Pressing	Pressed all seams flat, open. Pressed cloth as needed to flatten surfaces.	Occasionally pressed seams. There was moderate degree of effectiveness.	Did not press the garment at all.
Appearance	Garment looks store bought.	Some parts were not done accurately.	Project does not look like it is suppose to.
Time Management	Passed the project on time or early.	Student needs extra time to finish project.	Did not finish within the allotted time.
Total Score			

Assessment

Direction: Write the steps on sewing the pinafore dress on your notebook. If possible draw the illustrations so you will be guided on your pinafore sewing projects.

Answer Key

What I Know

1. Dress length or length
2. Neck depth
3. $\frac{3}{4}$ "
4. 1 "
5. Midpoint or center

Assessment

Notes and illustrations are evident on the summative notebook.
